RACK PROGRAM

terms are subject to credit approval

We recommend displaying our headcovers on our custom-designed spinner display rack. The rack has proven to increase product turnover, and as well, it serves as an indicator of inventory and a reminder to reorder.

The rack has three rotating tiers, each tier has the capacity to display 12 headcovers. Between the top two tiers is positioned an accessory basket - perfect for the presentaion of putter covers and smaller items such as accessory pouches.

The terms for selling the rack are as follows:

The rack is FREE with the purchase of a minimum of 72 headcovers.

It is being made available also to those customers who purchase a minimum of 36 covers. The selling price is very, very low \$70.00.

With RE-ORDERS of a minimum of 36 covers, we shall issue a credit for the initial cost of the rack of \$70.00
